Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can toss over his counter free gitts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

The Continued Calls

Misunderstandings are unpleasant. The rate for Business Locals in The Lenger is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line local inserted in the paper. "I'll tell you when to take it out," he says to the bookkeeper. But he forgets all about it. The notice runs for two mouths—52 times;—the bill is \$13.25. When he finds it out there is a "kick" and a controversy, followed probably by an ley feeling. Now, to obviate this trouble, no "till forbid" notices will be accepted hereafter. State Offices to Se Investigated Charges With Fraud.

FRANKFORT, Ky., Jan. 10.—The house con vened at 10 o'clock Thursday morning. Gov Bradley's message was not ready, owing to i'delay in its preparation, followed by anothe delay in getting it printed. It is announces that it will be ready Friday. Hardin (dem.) of Meade, offered a resolution providing to the appointment of a committee of fivmembers to investigate the offices of the state auditor and the state treasurer The preamble to the resolution gave as a reason for its adoption that charge of fraud against both officers had been m during the late campaign, and that it was dur those officials, as well as the people, that they be investigated. Flippen, of Monroe, offered; resolution providing for dividing the seats of the house by lot. Seats had already been as signed by the Librarian, and those comforts bly located bitterly opposed the change. The resolution was defeated. Papers in the Werner-Tempkins contest from Daviess county were laid before the house, and on metion of Darnell, of Ohio, the house pro-ceeded to draw by lot a committee o-nine members for the contest committee. The drawing by lot for the contest committee resulted favorably for the repub lican side, which secured five members and the democrats four members. The committee selected was: Chambers, Barnes, Blackburn Garrett and Carson, republicans, and Swinford, Witt, Walter and B. F. Furnish, democrats. The house also selected in the same manner a committee to try the Lexington con test case between Dunlap and Kauffman. Luck went to the democratic side this time, and they got five members, the republicans three and one populist.

POOLROOM CASE.

The Court of Appeals Hears the Famou

Sharp and Bollinger Suit. FRANKFORT, Ky., Jan. 10.-The fa mous Sharp and Bollinger poolroon cases were argued before the court o appeals Thursday by Judge W. W. Cleary, who represented the common wealth, and T. F. Hallam and Zack Phelps for the poolrooms. The pool rooms were fined \$800 each in the lower court, and an order entered directing

the sheriff to abate the nuisance. The pool rooms appealed to the su perior court, and that court affirmed the judgment as to the fine of \$500 but reversed that part directing the sheriff to act in the matter, and did so on the ground that the lower court it self should have had the owners and operators of the pool rooms arrested instead of simply directing the sherif

to abate the nuisance. The commonwealth appealed from the decision of the superior court, and the question was argued before the court of appeals Thursday and submit ted. A decision will probably not be
